WORLD'S LARGEST MAIL ORDER SEED HOUSE LATEST PRICE LIST. PRICES ON FORMER LISTS VOID.

We deal directly with the farmer and always give you our very best prices. These quotations are based on today's market and are subject to change, for prices are low and are good only for prompt acceptance. If you are unable to order now, write us later for our best prices. Ask for special prices on large amounts. Bags free with all seeds. Read our Guarantee on second page of catalog. If seed is not as represented, return and money will be cheerfully refunded. You are protected when you order from us.

GRASS SEED MARKETS ALL HIGHER.

The month of January saw record breaking prices in nearly all grass seeds. Clover showing an advance of about \$3.00 per bushel in Toledo, and Timothy, Alfalfa, Sweet Clover and Alsike all advancing in about the same ratio.

The cause for this phenomenal advance is solely due to the unprecedented shortage in grass seeds. Do not expect lower prices but buy what you require immediately on receipt of this Price List. We feel we are giving you our very best judgment when we advise you to act promptly for it is our sincere belief that there will be a dire shortage and stocks will be exhausted and not obtainable at seeding time. The ones who buy early can congratulate themselves on their early purchase as they will not only save money but get much better quality.

BUY SEEDS NOW BEFORE FURTHER ADVANCE.

We want every user of seed to consider the importance of buying seed now. If you are planning on sowing Grass Seed this spring, do not delay buying. Grass seeds are high but higher prices will rule on Clover, Alfalfa Sweet Clover, Timothy, Alsike and Timothy Mixed and other grass mixtures. Nine chances out of ten you will save money by buying your seed now. Many of our customers have written that they have taken our advice and bought their seed early, saving anywhere from \$2.00 to \$5.00 per bushel on their seed. We always like to sell our trade the best seed at the least money and have them buy at the most logical time. We need your co-operation, if you wish to buy your seed at a minimum price. We can sell grass seed today for less money than later, and if you want to make this saving, send in your order now. If you wish large amounts write for special quotations. Study the price list as it means money to you. Do not overlook the values we quote. In making up this price list we have reduced our prices on many items so that we offer extraordinary values. Our prices on everything quoted include bags for shipping. This is a big thing to consider. Our Alfalfa and other heavy grass seed are shipped in heavy 16 oz. white seamless bags, worth today 75 cents each.
